

HERE'S the POINT!

By SPENCE HELD

I remember several occasions when brass bands paraded through the old Tribune office while reporters were trying desperately to hammer out last-minute stories to beat the deadline.

Drums booming and trumpets blaring, the silly buffoons imagined they were calling our attention to their conventions in a nearby hotel.

Personally, I regretted not having a fire extinguisher handy to drown the tuba player.

What brought on this blast was an episode in the Peninsula News office last Wednesday, Jan. 16.

I was going around in circles trying to finish writing the last copy for the printers when suddenly I became aware of a canary dive-bombing me.

The bird swooped and circled... I ducked and beat it out into the print shop with a piece of copy; when I returned the canary was perched on my typewriter.

Yeah, and the whole office was in an uproar. A guy with a small cage finally corralled the canary—"he just happened to have his cage with him," somebody reported.

Last Friday, at Point Loma High School, they wore ribbons carrying the commendable slogan, "Cage the Cardinals."

Well, the Cardinals of Hoover High proved harder to cage than that canary. I watched the game in the Hoover gym and was impressed by the speed and accuracy of the winners, particularly Wayne Adams and Steve Evans.

Point Loma's Bill Blee scored 19 points but the locals were no match for Hoover... It's no disgrace to get beaten by a team that good.

Some medicine men from L. A. fired a "hypodermic" harpoon into a whale with the idea of calming him down so they could take an electro-cardiogram.

But the whale wouldn't hold still for it... I don't blame him, either.

Next thing you know they'll be vaccinating whales against rabies and spraying them with perfume for the tourist trade.

Thar she blows!

When we drove past that big store on Point Loma the other night, its electric sign read like this:

OD BASKET.

Yeah, and one of my spies saw a fella waving his arms so wildly in a sidewalk conversation that he knocked an earring off a woman walking past.

She wasn't pleased.

Officers Elected By Northwest 'Y'

Lyle Hansen of La Jolla was re-elected chairman of the Northwest YMCA board of management at the branch's annual dinner Monday (Jan. 21) at Point Loma High school cafeteria. He also serves on two Metropolitan YMCA board committees: Camp Marston and finance.

Other Northwest board officers elected were Glen Liddiard and Dr. Owen B. Handley, both of La Jolla, vice-chairman; Don Giddings, Point Loma, treasurer; and Nelson Fuller, Pacific Beach, secretary.

New board members are Robert F. Finley, Pacific Beach; and Robert M. Lewis and Samuel M. Blasker, both of Point Loma. Continuing as board members are Walter Crowson, James Gage, Joel Poukkula, and Clarence Swenson, Point Loma; Ray O. Ramage, William Meanley and John S. Bergstrom, La Jolla; William K. Works, Clairemont; and the Rev. Paul S. Robison, Pacific Beach.

Howard A. Chrisman is executive secretary for the Northwest "Y," now headquartered in a newly rehabilitated building at 3905 Lomaland Dr.

WINNER—Mike Werthman, of Pt. Loma High, displays the trophy awarded to him as outstanding speaker at the State College Speech Tournament.—P. N. staff photo.

Point Loma High School Student Wins 'Outstanding Speaker' Award

Mike Werthman, Point Loma High School senior, has just received the "outstanding speaker" award from San Diego State College Speech officials.

This coveted award was earned by Mike in the recent Speech Tournament sponsored by State where he won, over students from all high schools in San Diego county, first place in original oratory; first place in oratorical declamation; and second place in men's advanced extemporaneous speaking.

Miss Anne Farrar, alumna of the Point Loma Speech Arts department, who made the presentation, stated that he is now the

"outstanding speaker" in the High School City Schools for this year.

Mike's original oration was on "Being an Individual," while the oratorical declamation was an interpretation of William Jennings Bryan's famous "Cross of Gold" speech. Extemporaneous speaking includes topics chosen one half hour before speaking from issues of Time, Newsweek and U. S. News and World Report.

Currently, Mike is representing Point Loma High in the annual Toastmasters' extemporaneous speaking contest. He is sponsored by the Ocean Beach Toastmasters.

Republican Women Install Officers

The Ocean Beach Women's Republican Club 1957 officers were installed last week at their regular meeting.

Mrs. Gayle Abbott, junior past president, introduced each new officer to Mrs. Dorothea McCall, the installing officer, who outlined the duties each is to perform in the current year.

The new officers are: Mrs. Guy C. Courtney, president; Mrs. I. A. Hegerle, vice president; Mrs. Arthur Spencer, recording secretary; Mrs. J. K. Booth, corresponding secretary, and Mrs. M. Steverding, treasurer.

Mrs. McCall, who was a delegate to the Republican National Convention in San Francisco last fall and Mrs. Isobell Rosser, co-chairman of the Republican Central Committee, each gave a short talk.

Mrs. Laura Lawbaugh was hostess for the social hour following the meeting, assisted by Mrs. Ruth Howard and Mrs. Gayle Abbott.

Pt. Loma Anglers Haul Up Limits

With ideal fishing weather prevailing most of the time, deep sea anglers really made the scales fly this week as they rolled up one banner catch of bottom fish after another at the favored rock cod grounds nine miles southwest of Point Loma.

Daily catches ranged as high as 1500 fish and single boat takes often topped the 400 mark as warm weather and a taste of sunshine improved fishing which had been good under poorer conditions.

Among anglers who hauled up limits of big red cod and took

their place in the ranks of the more successful Ike Waltons were several Point Lomans: Paul Mayercik, Mr. and Mrs. H. L. Rawlings, Major Harry Halladay, J. M. Scott and R. A. Smith.

One of the top fish of the week proved to be a 20 pound cow cod bagged by Scott, but Mrs. Rawlings came close to equaling it with a 19-8 ling.

The whale migration also appeared to be picking up steam and sportfishing boats tracking them down for the benefit of spectators and photographers had little difficulty finding them.

Lomans Victorious Over SDHS; To Play Mission Bay Friday

After a dismal loss to Hoover, Point Loma High School's basketball team rebounded with a stirring victory over San Diego High Tuesday night that left Pointer rooters hoarse and happy.

The locals, now tied for second place in the City League, will engage dangerous Mission Bay High there Friday at 8:15 p.m.

Coach Hil Crosthwaite and Pointer players and rooters were still in a glow yesterday following the sensational 58-57 triumph over San Diego in the local gym.

With only a couple of seconds to go Tuesday night, the visitors were leading by one point. Then Bill Blee caged a toss from the corner to give Point Loma the victory and pandemonium ensued.

Blee also did a job of guarding San Diego's high scorer, Gilbert, limiting him to 9 points for the evening.

Point Loma hit only 45 percent of its free throws against San Diego's 81 percent. However, Jerry Booth came through with 11 field goals and a foul shot for 23 points and John Rebozo scored 14.

The less said about the Hoover game the better. The Cardinals had an easy time winning 61-42.

Camp Fire Girls Set Fast Pace In Peanut Sale

Blue Birds and Camp Fire Girls in the Peninsula area, will hit the half-way mark in their annual peanut sale this weekend.

The young peanut vendors, wearing their attractive red, white and blue service costumes, are part of a county-wide sales team of 3000 Blue Birds and Camp Fire Girls, who are punching doorbells in residential areas and covering business districts selling attractively packaged cans of peanuts.

Their goal for this year is to sell 120,000 cans of peanuts by Feb. 2 and to use the proceeds to further improve their summer camping facilities at Camp Wolahi in Cuyamaca Mountains and Camp Loligro in Balboa Park.

Early reports from headquarters indicate that the girls set a fast pace the opening days of the sale, according to Mrs. James A. Wilson, 2719 Chatsworth, chairman for Point Loma.

Theatre parties are in store for all girls who participate in the sale and certificates of merit will go to every member of every group which reaches its quota of two cases per girl.

Resident Suggests High Wire Fence At Sunset Cliffs

Editor: Your efforts to point out to your readers the dangers of the Sunset Cliffs area are very noteworthy. The new homes being built near the cliffs intensify the need for immediate action to protect the new residents and their children. Our many tourists also are unaware of the hazards of this section.

In early September, I wrote to the city engineering department recommending a high wire fence with barbed wire top for the entire area. This type of fence would not mar the beauty of the scenery. Gates in the fence would be guarded by attendants, preferably skilled in life-saving techniques, and the gates would be locked after dark.

Mr. T. W. Fletcher, asst. to the city manager, replied: "Since funds are not now available for this type of work, serious consideration will be given this recommendation during the preparation of next year's (1957) budget."

Any letters written by your readers should certainly aid in getting a favorable decision.

Plans for the coming season have been formulated and will be presented at the meeting. A report by the Field Committee will be of special interest to parents. The success of the League is contingent upon the availability of a Pony League baseball diamond and facilities for its maintenance.

League planning has moved ahead rapidly and all parents will want to keep informed on plans for providing their sons with this exceptional summer recreation program.

California Western Opera Workshop To Present Two Operas February 1-2

The Opera Workshop of California Western University has scheduled two modern operas for production Feb. 1 and 2.

Performances, directed by Dr. Walter Teutsch, associate professor of music at California Western, will be given in the Point Loma High School Auditorium at 8:30 p.m.

The two operas, "Savitr" by Gustav Holst and "Solomon and Balkis" by Randall Thompson, will be sung in English. This marks the fifth production to be given by the University's Opera Workshop since it was founded a little better than a year and a half ago.

According to Dr. Teutsch, "Savitr" is based on an episode from an epic Indian poem, with the composer writing the libretto, as well as the musical score, achieving a sensitive and lyrical translation of text into music.

He described "Solomon and Balkis" as being a musical adaptation of "The Butterfly That Stamped," which is one of Rudyard Kipling's "Just So Stories." "Full of bright humor and wit, it is both melodic and rhythmic," Dr. Teutsch stated.

California Western University's Opera Workshop is a unique enterprise, drawing its talent from the community at large and from students enrolled at the University.

Volunteer Committee To Allocate Funds To 50 Red Feather Agencies

The job of allocating funds to 50 Red Feather agencies of the San Diego Area Community Chest will be tackled at 3 p.m. Tuesday, Jan. 29 at United Success Headquarters, it was announced today.

A 90-member budget committee, made up of volunteer citizens and headed by B. F. (Sandy) Coggan, will budget \$1,513,735, the amount allocated to the San Diego Area Community Chest by the United Success Drive for its member-agencies and operations.

Coggan said that funds are available to meet basic allocation requests totaling \$1,363,896, which is \$73,218 more than last year, and that \$104,086 is available to meet agency "project" requests totaling \$559,530.

Basic allocations are defined as the amount needed to continue

operations through 1957 at the current level. "Projects" represent the funds sought in excess of this amount, according to Coggan.

He cited salary increments, additional agency staff, increase of non-salary items, or loss of agency income due to curtailed membership fund drives, as the basis for most agency project requests.

"This means," Coggan said, "that the 90 volunteers on the budget committee will have some extremely difficult decision to make. We will do our best to exercise sound judgment."

Budget committee recommendations will be referred to the Board of Directors of the Community Chest of the San Diego Area for final approval. The board meets Feb. 4.

Members of Rotary clubs in San Diego, Riverside and Imperial Counties, comprising District 163, will gather at the 1957 conference at El Cortez Hotel Feb. 7, 8 and 9, it was announced by Alpheus J. Gillette, of San Diego, district governor.

This yearly gathering of Rotarians is called by the governor to reaffirm the "service above self" principles of the international organization and to hear outstanding speakers expound the Rotary message.

A standout roster of distinguished speakers has been programmed for the three-day conclave which will see more than 2000 in attendance.

D. D. Monroe, a member of the Clayton, N. M., Rotary club for 30 years and a former director of Rotary International, will speak at the Feb. 7 opening dinner.

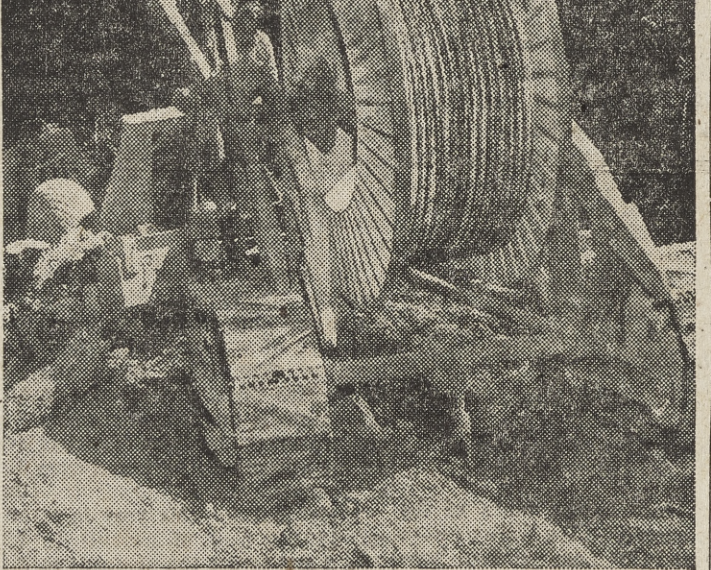

Addressing the Feb. 8 luncheon meeting will be Bruce Thomas, foreign correspondent, author and world traveler. His subject will be "World War Two and One-Half". A special luncheon for ladies Feb. 8 will be presented with Grace Soong Line, Ph. D., of Palm Springs, and a native of North Korea, as the guest speaker. She will speak on "Korea in 1956".

Richard L. Evans, a Rotarian since 1927 and presently the governor of District 165 in Utah, will be the guest speaker at the annual governor's banquet the night of Feb. 8.

FRACTIONS

A local teacher was introducing fractions. "Now if we divide a group of objects into four equal parts, what do we call each part?" she asked her class.

"One fourth," answered the girl in the second seat.

"Good. Now if we divide the group into three equal parts, what do we call each part?"

"One third" was the answer.

"Very fine," continued the teacher. "And if we divide it into two parts—?"

"One twelfth," said the boy in the back row.

NEW ARRIVAL

Little Miss Lynne Louise Thompson arrived Jan. 14, the

fourth child and third daughter of Mr. and Mrs. Jack Thompson, of 1410 Savol Circle.

Lynne's immediate admirers, besides her parents, are her two sisters, Laurie, 10 and Leslie, 6, and her brother, Chris, 13.

UNUSUAL, NO DOUBT

Recent visitors from Minneapolis are questioning the authenticity of the phrase, "sunny southern California." It has rained almost every day since they arrived.

They are Messrs. and Mmes. O. E. Halverson and William Mansfield, who are vacationing at the home of Mr. and Mrs. Dick Otterstad, 3856 Talbot St. The Halversons are parents of Mrs. Otterstad.

HEARD AND LIKED

"There is great satisfaction in living up to high standards."

ALSO HEARD

"Wish I had by picture up in the post office. Makes you feel so wanted."

Tree Rose Makes Handsome Planting

For a formal touch in your rose garden, for accent points or for contrasting line patterns, the tree rose makes a handsome planting — providing arresting beauty at eye level.

By definition, tree roses are not a special type of rose but are rather the result of a propagation method; they are produced by budding bush varieties on specially selected tall-caned understocks. The most popular kinds of tree roses are usually hybrid tea varieties but pillar varieties will also make extremely attractive tree rose plantings.

The Pillar can be trained to grow with a big crown and strong, down-sweeping canes that hang almost to the ground. This type of tree rose gives a feeling of fullness that is lacking in the usual tree rose with its sharp break from the ground to the head of the plant.

There are several styles of planting of the tree rose, advises the California Association of Nurserymen. Most often, several plants of tree roses are set in a straight line along a path, entrance-way or drive. Single tree roses can be scattered throughout a flower garden to serve as accent points during bloom season.

A very handsome style of planting is in combination with bush roses in a formal garden; plant the same variety of tree roses and set the tree roses in a center line with the Hybrid Tea Bushes on either side. In this

style of planting, the low-growing roses relieve the sharp break from the ground to the head of the tree rose while the blossoms of all the roses blend perfectly in color.

School Principal To Address Guild

"Preparing Your Child for Kindergarten" will be the subject of a talk to be given by Miss Vesta Petersen at a brunch meeting of Group 9 of the Women's Guild of the Point Loma Community Church, Thursday, Jan. 24, at 10 a.m. in the social hall.

Miss Petersen is principal of the Ocean Beach Elementary School.

Group 9, an active group of mothers of pre-school children, is under the leadership of Mrs. George Schwab. Visitors are welcome.

HEALTH FOR ALL

In a Broadway theatre tonight the audience will be watching an American tragedy by the man who was one of our greatest dramatists, the late Eugene O'Neill. The action takes place in one crucial day in the life of a family in the second decade of this century. The central fact of that day is tuberculosis.

Over the morning of that hangs fear. The youngest son has an appointment with the doctor to find out whether or not he has TB. There is virtual certainty that the decision will go against the boy, yet such a possibility can't be faced. The family has been hiding from truth too long. When the decision comes, it is a hard fact which can't be hid. The false facade crumbles. The hidden tensions, love, hate, greed and despair come to the surface. With the collapse of his family ties, the boy—who was O'Neill himself—faces his uncertain future alone.

Of course, this was more than 30 years ago. Yet in this very year of 1957, close to 80,000 American families will come face to face with the fact of tuberculosis. The terrible fear, the hopelessness that once was attached to TB has gone. TB can be cured. But it still means a long illness and an uncertain future. For some Americans—probably 15,000 this year—TB will mean death. For others it means permanent disability.

In spite of TB, the genius of Eugene O'Neill gave us one great play after another. Yet he struggled against poor health throughout his life. It's sad to think how much more he might have given us if all the recent developments in the fight against TB had been available to him. But they are available to us. There is no excuse for us to live with fear, no excuse to put off finding out the truth. The quicker modern medicine can get to work on a case of TB, the better the chance for complete success.

MOTOR MAIDS

Angry, Upset? Don't Drive!

By Jeanne Smith,
Dodge Safety Consultant

"IF YOU'RE 'KEYED UP,' angry or upset about household or office problems don't get behind the wheel of your car!

That's the advice of Dr. Elmer Siebrecht, professor of psychology at Seattle Pacific College, who believes that emotional upsets cause 80 to 90 percent of driving mishaps.

Miss Smith

Through his study of auto accidents, and their causes, he concludes that the upset driver often lets good judgment and driving ability go right out the car window. Instead, the emotionally distressed motorist may use dangerous, excessive speed in an attempt to leave frustration behind.

Most people are subject to emotional upsets and frustration during the course of everyday living, Dr. Siebrecht claims. Whether these will be reflected in driving actually depends upon the driver's personality.

The even-tempered, well-adjusted and mature person seldom has accidents or violates traffic rules, he says.

Those subject to anxieties and moods lose their emotional bearings only occasionally, but when this happens, according to Dr. Siebrecht, they're apt to miss traffic signals, fail to look before turning or forget to signal. Preoccupation is a definite driving hazard.

The majority of accidents, he claims, are caused by people who are chronically at odds with the world. Many of them suffer from anti-social disorders which make them very unpleasant characters—both on and off the highway.

Bible Comment:

Let Every Man Be at Heart a Good Samaritan

THE parable of the Good Samaritan is well known, but some details of it need emphasis. It is a story of contrasts.

We have a priest and a Levite who saw the man—robbed, beaten, half dead—but did nothing to help him. And we have the Samaritan, who, when he saw the plight of the poor fellow, was "moved with compassion," and gave him every help.

The point of the story is in this contrast between the conventional religious leaders in Israel and the Samaritan, whom they regarded as a religious outcast and heretic.

Jesus meant to imply that religious profession means nothing unless it is a reality in life, and that even a man who might be thought of as an outcast religiously, might in deed and truth be a sincere exponent of the gospel of love and good will.

It is this fact we need firmly and profoundly to grasp today—in a time when there is such a tendency to judge men by their labels. Goodness is not confined to any one group, and there are pretenders and hypocrites among those who profess to be the very chosen of the Lord. There have been many like the Good Samaritan in all walks of life and among all sorts of men.

The man, regardless of his creed or profession, who truly serves his fellowmen, is nearer to God than the man who professes to be devout, but who neglects the simple acts of mercy and justice.

The world cannot have too many Good Samaritans, and we shall never see the full redemption of mankind until every man is a Good Samaritan at heart.

Bring or mail this coupon or duplicate on plain paper or post card to the Peninsula News, 1920 Bacon Street, San Diego 7, California. A \$12.00 certificate will be awarded best judged entry.

SAVE TIME AND MONEY SHOPPING IN THE PENINSULA AREA

The Peninsula News will award each week for the next 26 weeks a credit certificate worth \$12.00 to each eligible winning contestant—redeemable at any of the sponsoring advertisers whose ad is found listed on this page.

"ENJOY THE FRUITS OF LOCAL HARVEST"

You can have fun and become better acquainted with local advertisers and their ads by participating in our "BOOSTER SLOGAN" Contest. In each column can be found a "Hidden" Word — combine them and you have our slogan for this week — Write a brief paraphrase along the same theme as the slogan — it does not necessarily have to rhyme but must always lend to the advantages of local shopping.

EXAMPLE—"Many More Reasons Why Local Trading is Best, Get Shopping Done with Time to Rest."

there is no substitute
for agitator washing!

SEE MAYTAG

and learn why!

REGULAR PRICE	\$349⁹⁵
TRADE-IN ALLOWANCE	\$70⁰⁰*
PAY ONLY	\$279⁹⁵

Better than "tumble" washing because Maytag's Gy-ratator forces water through the clothes again and again, never just drags clothes through the water.

Gets clothes cleaner because Maytag Gy-ratator sets up powerful water currents to flush suds through fabric and carry away every bit of grime and soil.

Easier on clothes because Maytag uses water action alone, as gently as your own two hands, to roll and flex every garment again and again until it is completely clean.

Maytag invented, perfected agitator washing... America's first choice. Come in and see why nearly 9 million Maytags have been sold! Far more than any other make.
